Ayer's Sarsaparilla

did for the Invalid Daughter of a Prominent Lowell Tradesman.

"My daughter had for a long time been troubled with violent headaches and sleeplessness. She was pale, had no appetite, and was losing flesh rapidly. She took various remedies for her trouble, but received no benefit until she commenced using

Ayer's Sarsaparilla. After taking half a bottle, she began to feel better. By a continued use of this medicine, her appetite returned, her cheeks began to fill out and show color, she gained in strength, her headaches disappeared, she slept better, and now says she feels like a new person."—F. THE LEGISLATURE.

THE SENATE TRANSACTS MUCH BUSINESS THIS MORNING.

The House Rustling For Two More Appointees for the Council of State.

TWELFTH DAY, JUNE 27.

THE SENATE.

President Wilder called the Senate to order at the usual hour. After prayer by the Chaplain, roll call and the reading of the minutes a communication was read from the House stating that it had made certain amendments to the Joint Rules.

On motion of Senator Brown the motion made yesterday to adopt the joint rules was reconsidered and the amendments adopted by the House taken up. On the report of the Senate Committee on joint rules the amendments made by the House were concurred in, and the whole referred to the Committee on Printing.

The original appropriation bill 2a for expenses of the Legislature was made the order of the day.

Minister Damon presented the same bill, stating that it has been ascertained since the passage of the bill by the House that appropriation bills should originate in the Senate. On motion the rules were suspended and the bill passed its first and second reading and ordered engrossed.

Minister Damon then introduced a bill appropriating \$58,600 for salaries and pay rolls. Bill passed its first reading, read by title a second time and referred to Finance Committee.

An Act to make supplementary appropriations for the use of the government for the two years ending March 31st 1896, amounting to \$80,250, passed the first reading, read by title a second time and referred to Finance Committee.

Act No. 5 appropriating \$32,300 for internal improvements was read the second time and referred to Public Lands and Internal Improvements Committee.

The Hilo electric light franchise bill was read a second time and referred to a special committee to be appointed at the next meeting.

Act No. 4 relating to the game laws was taken up, read a second time and referred to the Judiciary Committee.

Adjourned to 10 a. m. Friday.

THE REPRESENTATIVES.

Mr. Rycroft, after opening exercises this morning, presented a report of the public lands committee on a petition for money to open a road from Hilo to Kauaia. It recommended that the petition be referred to the Executive Council. Adopted.

A petition for a street from Vineyard street to Smith street, Honolulu, was given the same disposition.

The bill to regulate the currency passed third reading unanimously on the call of ayes and noes.

The bill to regulate the sale of goods, wares and merchandise by local traveling agents, was, on motion of Mr. Robertson, taken up for second reading.

Mr. Kamao moved that the bill be referred to the committee on commerce. Carried.

The bill to incorporate the Honolulu Electric Railway Company came up for second reading.

Mr. Kamao moved that the rules be suspended and the bill be

read a second time by title. Carried.

Mr. Robertson moved the bill be referred to a special committee. Carried.

Speaker Naone appointed Robertson, Kamao and Richards as the committee.

A communication was read from C. T. Rodgers, secretary of late Executive and Advisory Councils, transmitting twenty copies of the laws of that body since the formation of the republic.

Mr. Kamao asked for information as to the question raised of the legality of the election of certain members of the Council of State. Perhaps the Attorney General could throw some light on the matter.

Minister Smith said the previous speaker should move for a committee to put himself in order, but as the matter had been already referred to a committee the House should await its report.

At 11 o'clock the House took recess to 1:30.

THE BOARD OF HEALTH.

MATTERS PERTAINING TO THE MOLOKAI LEPER SETTLEMENT.

Non-Professional Dispensers of Medicine—Contracts for Leper Settlement and Insane Asylum.

At the regular meeting of the Board of Health yesterday there were present: W. O. Smith, president; Drs. Emerson, Day, Wood, Howard and Myers; Messrs. J. T. Waterhouse, T. F. Lansing, C. B. Reynolds, executive officer, and Charles Wilcox, secretary.

Correspondence from R. W. Meyer, superintendent of the leper settlement on Molokai, was read and discussed.

A petition from one Kahalewai to visit his wife at the settlement was denied, as had been previous petitions from the same man.

A request for an increase in the pay of Dr. Oliver's assistant from \$12.50 to \$15 a month was considered. It was feared that, if this man got an increase, the many other servants at the settlement would be clamoring for more pay. The request was denied.

Another matter referred to the Board by Mr. Meyer was that of the Goto baths.

Dr. Wood was of opinion that trial should be made of other baths. It had never been demonstrated that hot water baths, simply, would not be equally beneficial with the medicated baths.

No action was taken, but Dr. Wood said hot water baths would be tried at the Kalihiki experimental station.

The license to Freery's coffee saloon at the settlement was ordered to be renewed.

Sheriff Williams of Hawaii reported a case of practicing medicine without a license and extortion added. Oyama, an employee of Dr. Yamamoto, had dressed the lacerated hand of a Japanese and charged \$12 for the service. He acted on the advice of his employer obtained through the telephone.

Dr. Weddick wrote from Kauai saying that W. E. H. Deverill, acting under his instructions, kept a small dispensary at Hanalei, where he gave the natives simple remedies for simple complaints. The doctor said that Mr. Deverill had the full confidence of the natives, and when a serious case came to him he called the doctor by telephone. He suggested that Mr. Deverill should have some small compensation, as his services were of great value.

It was stated in the course of discussion that there were several

non-professionals in country districts who were supplied with simple remedies by the Board. The opinion was unanimous that the Board could not take the responsibility of paying non-professional persons for dispensing medicine, and a motion by Dr. Day carried that the request on behalf of Mr. Deverill be refused.

A letter was read from Dr. Armitage of Wailuku, calling attention to the contemplated departure of Dr. Muruya, who had rendered very valuable services to the writer at Malulani hospital.

Five affidavits to the charges against Dr. Armitage, four of them in Hawaiian, were submitted by the president, who suggested that the Hawaiian documents be translated before the matter be considered by the Board.

Contracts for supplies to the Leper Settlement and the Insane Asylum were awarded as follows:
